

AEROTECH SERIES – OPENING ALUMINIUM LOUVRED ROOF SYSTEM

Create your own private piece of paradise with Skymax. Your outdoor space should feel & look like a luxurious extension of your home: a comfortable & inviting area that will help you create those lasting memories with your family. If you're looking to improve the overall functionality to your outdoor space, then the Aerotech Series is for you.

Sleek, Modern Design

Incorporating a unique design language that is recognisable in an instant. The Aerotech's linear louvre blade design guarantees unobstructed clear views through when in the open position. Simply close the roof & the Aerotech's appearance on the underside showcases our unique design ethos.

Total Climate Control

Rain, hail, or shine the Aerotech Series – Opening Aluminium Louvred Roof System offers you total protection from the harsh outside elements. It's easy to adapt to changing weather conditions thanks to the Aerotech's ingenious control options and the integrated accessories available.

Built To Last

Designed to outlast. That's why each Aerotech Series System is manufactured to the highest quality standards, utilising the latest production techniques & incorporating high quality non-corrosive materials. Engineered in accordance with the wind & design codes of Australia, NZ, & USA.

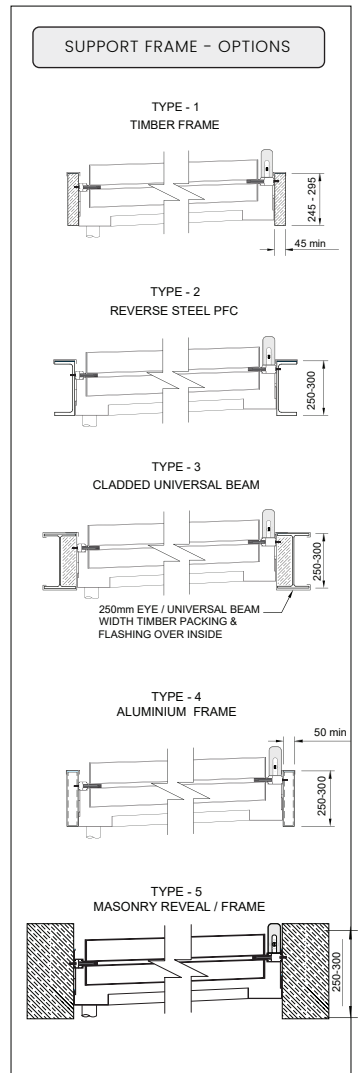

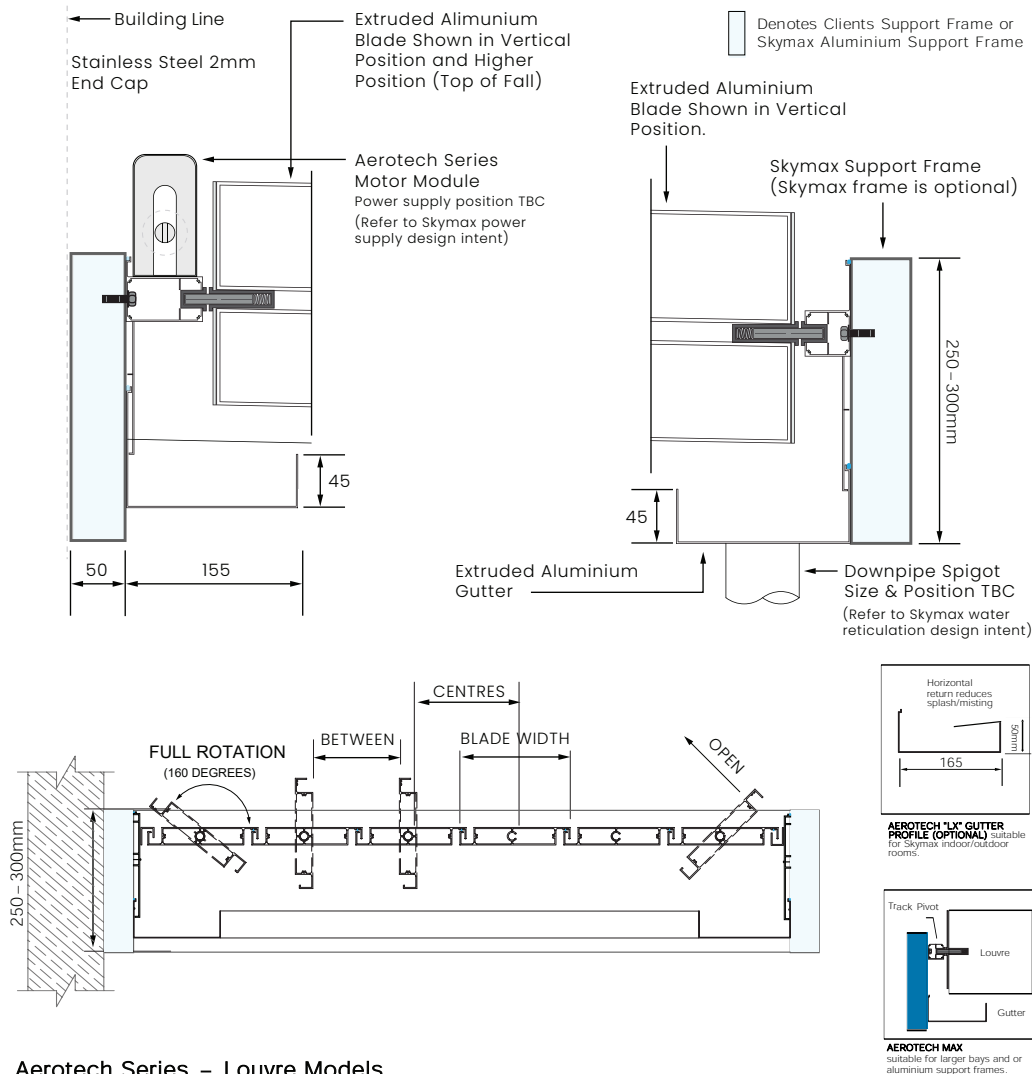

Custom Design Options

We believe that our systems should not only offer superior performance, but they should also reflect a unique overall design aesthetic. To this end, we offer a comprehensive selection of integrated design options & commercial grade finishes to match your specific project requirements & individual needs.
